

School is shut for 2 weeks

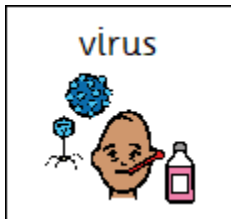

I will not be coming to school for the next 2 weeks.

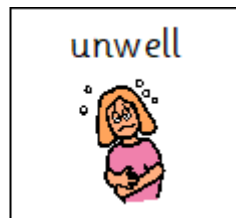

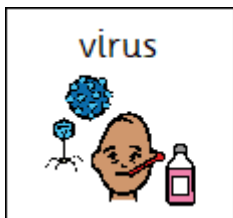

I will be staying at home with my family for the next 2 weeks.

My class is shut because there is a case of The Corona virus in school.

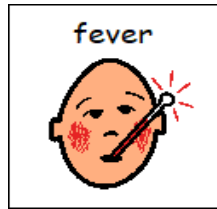

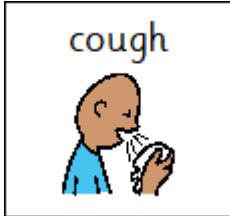

The Corona Virus is a virus that can make people feel unwell.

People who may have Coronavirus may have

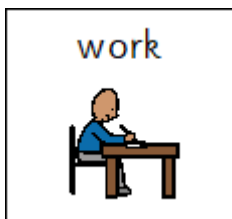

- A cough
- A fever

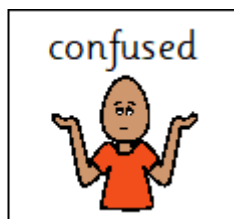

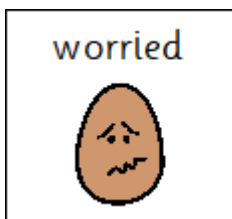

Most people who have Coronavirus will stay at home to get better.

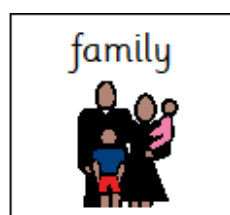

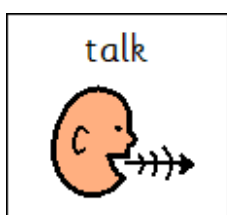

I will have some school work to do when I am at home.

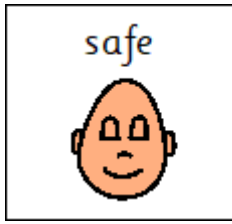

I might feel worried or confused because things are different. This is ok.

I can talk to my family if I feel worried or confused.

I know that I will be safe at home with my family.

I will be able to return to school when the germs have gone on _____

Here is my back to school countdown.

home 	home 	home 	home 	home 	home 	home 
home 	home 	home 	home 	home 	home 	home
