

# Body Safety

Colour in the private parts.

Finish the sentence:

Private means \_\_\_\_\_

---

Your underwear covers your private parts. Sometimes, a doctor or nurse may need to see these parts to check you are healthy. Sometimes, a member of your family may need to see these parts to help you look after yourself. They will ask you if it is OK.

Remember, if you are worried or upset, you can talk to an adult that you trust. This could be a teacher or an adult member of your family.
